Eyes full of wonder  
Innocence taking the world at face value  
All so obvious  
The give and take  
The boundless trust  
All for the love of a child

A promise kept  
A burden happily borne  
The then and now  
The now and forever  
The then and now  
The now and forever

A smile  
A glance  
A smell  
A sweet caress  
A touch  
A sound  
A feel beyond compare

The gift of life  
Given and received  
The gift of love  
Given and received
